

## CSBC & PS-ON Protein-Protein Interaction Working Group

Tuesday, September 25, 2018

11:10 am – 12:30 pm EST

NIH Natcher Conference Center, Rooms G1/G2

### Agenda

Chairs: Diana Murray and Justin Guinney

Time	Topic	Presenter
11:10 – 11:15	<b>Introductory remarks:</b> Motivation for this working group	Diana Murray, Columbia and Justin Guinney, Sage Bionetworks
11:15 - 11:20	<b>Introductions</b>	All
11:20-11:40	<b>Presentation:</b> Pursuing mechanisms of cancer-related protein complexes through atomic-resolution cryo-electron microscopy.	Michelle Moritz, UCSF
11:40 – 12:00	<b>Presentation:</b> PrePPI: A protein structure informed interactome for predicting <i>cancer drivers and targets</i> .	Barry Honig, Columbia University Medical Center
12:00 – 12:10	<b>Data Challenges around PPI: CAFA example</b>	Justin Guinney
12:10- 12:25	<b>Open Discussion:</b> Working group objectives, meeting format, additional volunteers as chairs	Diana Murray and Justin Guinney
12:25-12:30	<b>Summary and next steps</b>	Diana Murray
